Leaving Certificate Examination, 2025

Design & Communication Graphics

Higher Level

Section A (60 marks)

Thursday, 19 June
Morning, 9:30 - 12:30

Centre No.

This examination has three sections:

Section A	Core - Short Questions
Section B	Core - Long Questions
Section C	Applied Graphics - Long Questions

Section A

- Four questions are presented.
- Answer **any three** questions on the A3 sheet overleaf.
- All questions in Section A carry **20 marks** each.

General Instructions:

- Construction lines must be shown on all solutions.
- Write the question number distinctly on the answer paper in Sections B and C.
- Work on one side of the drawing paper only.
- All dimensions are given in metres or millimetres.
- Write your Examination number in the box below and on all other sheets used.

Examination Number

The 2025 examination papers were adjusted to compensate for disruptions to learning due to COVID-19. This examination paper does not necessarily reflect the same structure and format as the examination papers of past or subsequent years.

Section A - Core - Answer **any three** of the questions on this A3 sheet.

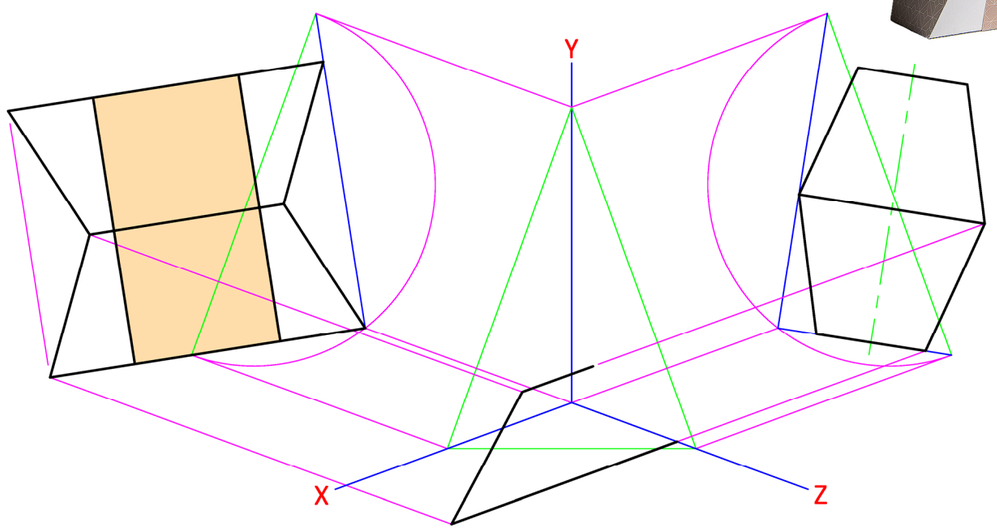

A-1. The image on the right shows the packaging for a paint product.

The drawing shows an incomplete dimetric projection of a similar packaging including a wraparound label, using the axonometric axes method.

(a) Complete the dimetric projection of the packaging.

(b) Draw the wraparound label in the axonometric view.

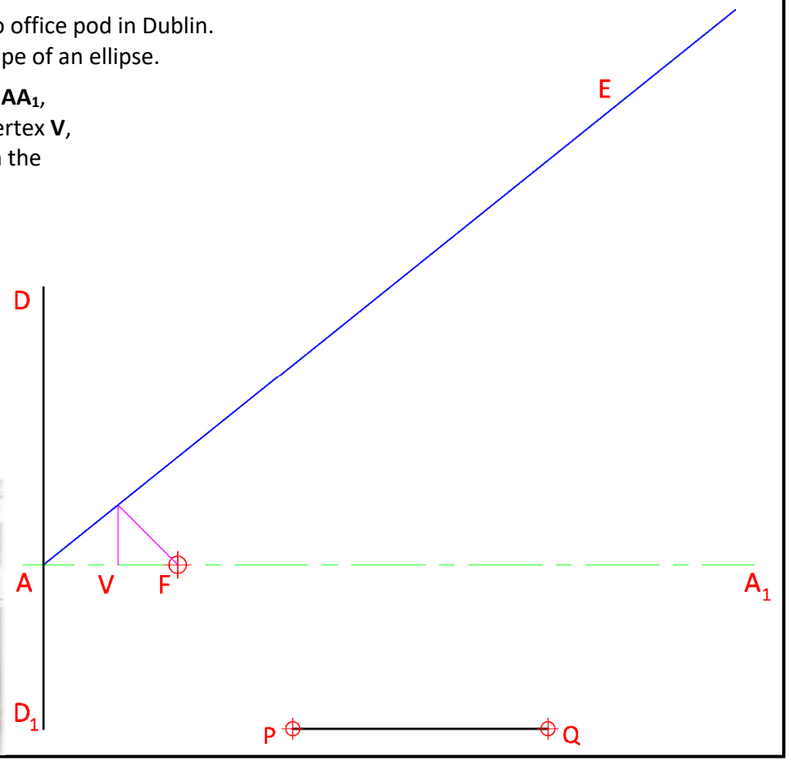

A-2. The image below shows the Futuro office pod in Dublin. The outline of the pod is in the shape of an ellipse.

The drawing below shows the axis **AA$_1$**, directrix **DD$_1$**, eccentricity line **E**, vertex **V**, focus **F**, and two points **P** and **Q** on the curve of a similar ellipse.

(a) Draw the elliptical outline of the pod.

(b) Determine and indicate the position of the second focal point of the ellipse.

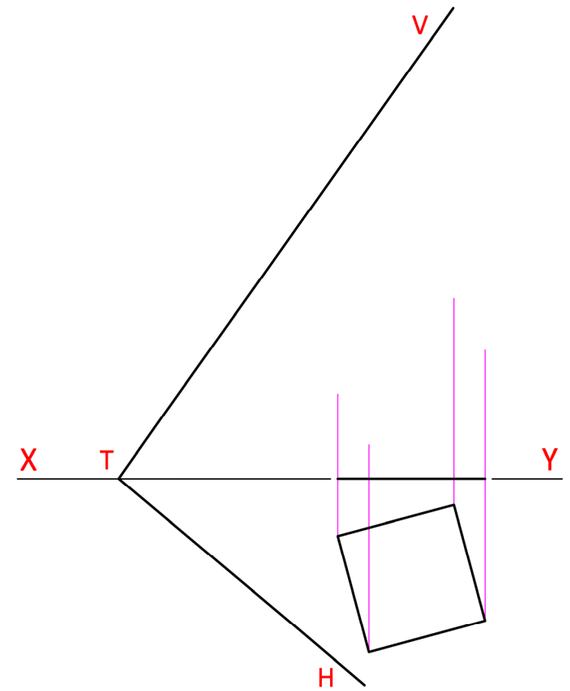

A-3. The image below shows Lionel Messi receiving an award.

The drawing on the right shows the plan and incomplete elevation of a similar award. The top surface of the award is contained on the oblique plane **VTH**.

(a) Complete the elevation of the award, including all hidden detail.

(b) Determine the true angle between the **VT** and **HT**.

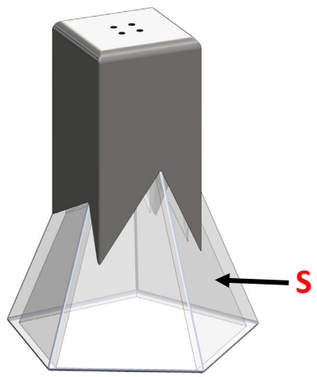

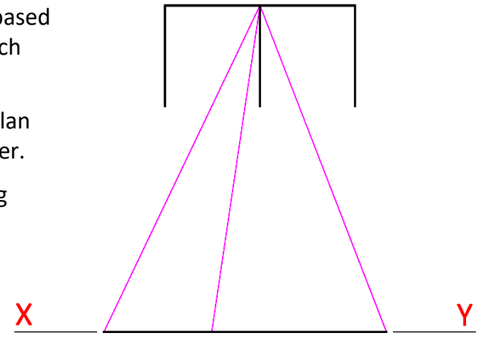

A-4. The graphic below shows a salt shaker. The shaker consists of a pentagonal-based pyramid and square-based prism which intersect each other.

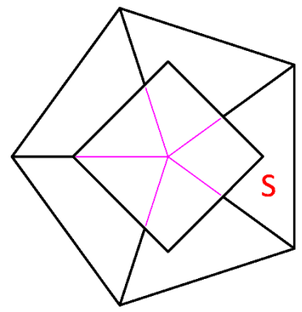

The drawing on the right shows the plan and incomplete elevation of the shaker.

(a) Complete the elevation, showing all lines of interpenetration.

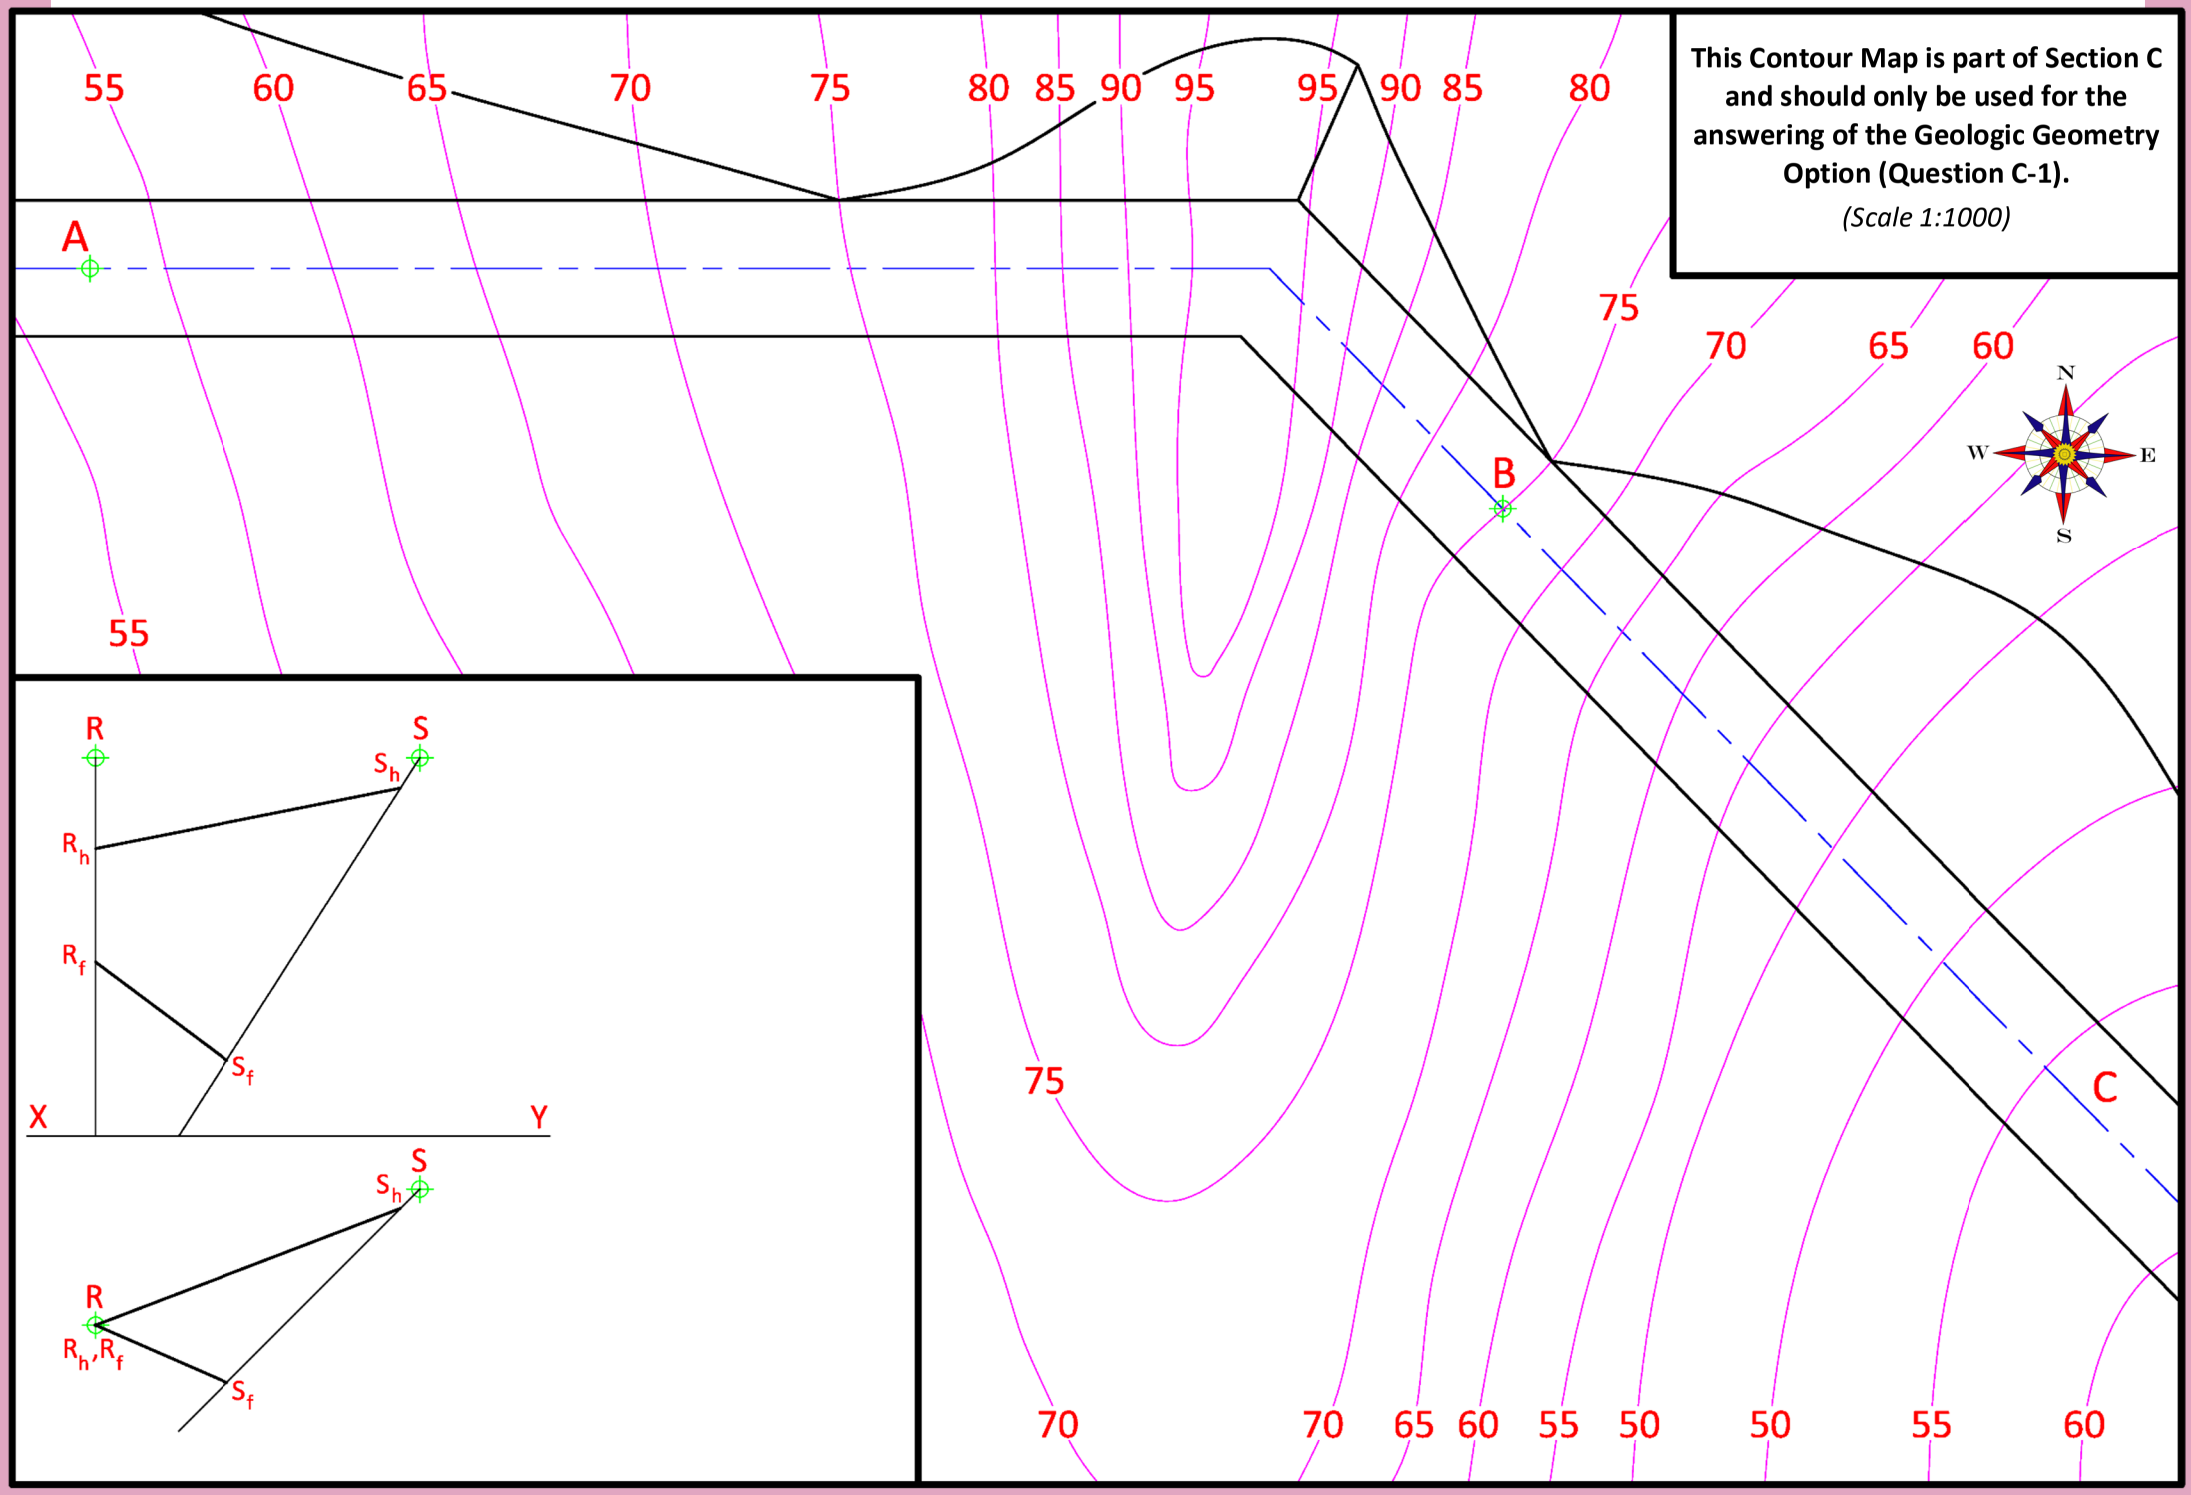

(b) Determine the true shape of surface **S**.

This examination paper must be returned at the end of the examination – You must include your Examination Number on the front cover.

This Contour Map is part of Section C and should only be used for the answering of the Geologic Geometry Option (Question C-1).
